## PROJECTS / OPEN-SOURCE

### NEWS SOCIAL MEDIA APP | Link

Mongo DB, Express.js, Node.js, Next.js, Typescript

\*Login Credentials - Email - **demouserverify251@gmail.com** Password - **demo@123**

- A full-stack **social media platform** for sharing news and memes, built using the MERN stack with Redux for state management and OTP-based authentication.
- Includes features like **posting, commenting, liking, following/unfollowing, editing bios, and changing passwords** all within a clean, responsive interface.
- Aims to make news more engaging and social; already used by **15+ users** and projected to boost user interaction by **30%**.

### VIDEO INTERVIEW APP | Link

Next.js, Typescript, Convex, Node.js

Login Credentials - Email - **demouserverify251@gmail.com** Password - **demopasskey@123**

- A **video calling app** designed for **technical interviews**, using Clerk for authentication, Convex for real-time data, and GetStream for video calls.
- Interviewers can **schedule sessions, assign coding questions, record calls, and leave feedback after interviews, with features like screen sharing and mic/camera control.**
- Helps companies conduct smoother, more organized remote interviews currently being tested by **5+ users.**

### E-commerce Website | Link

HTML, CSS, Javascript

- Developed a **responsive e-commerce** website for Payal Enterprise, ensuring seamless functionality across devices using **HTML, CSS, and JavaScript.**
- Incorporated dynamic animations and optimised the contact page using JavaScript, adhering to responsive design principles and collaborating to enhance **user experience and interaction.**
- Showcased professional design excellence by creating a visually captivating website currently in use by the client, attracting traffic, and demonstrating real-world application proficiency.

## CERTIFICATIONS

- The Complete Full-Stack Web Development Bootcamp - **Udemy**
- Learn C++ Programming - Beginner to Advance - **Udemy**

## HONORS & AWARDS

- Solved 350+ questions on Leetcode with a highest streak of 107
- Rated 3 star coder on CodeChef : - Details - [https://www.codechef.com/users/chef\\_ankit7](https://www.codechef.com/users/chef_ankit7)
- Qualified Internal Hackathon for Smart India Hackathon
